5 POINTS TO SELECT YOUR ADDRESSING SOLUTION

- 1. PRINTING TYPE & QUALITY:** Do you need to print in black, spot colour or process colours? What type of printing resolution are you looking for?
- 2. PRINTING COVERAGE:** Do you need to print on the entire surface of the envelope / document or only on restricted areas?
- 3. NATURE OF THE MATERIAL YOU NEED TO PRINT ON:** Do you need to print on thick or standard material? What is the size of the envelopes / documents that you want to print on?
- 4. PRODUCTIVITY & VOLUME:** What level of productivity are you looking for and what is the actual volume of documents you plan to print?
- 5. MAILROOM INTEGRATION:** Are you looking for a stand alone printer or a solution that can fit into an existing production line?

CUSTOMER AND AFTER SALES SERVICE

AS-SERIES

HIGH IMPACT AND PERSONALISED COMMUNICATIONS

When you invest in a mailing to clients and prospects, you want it to have the best possible impact and the highest chance of a response.

The Neopost AS-Series offers outstanding quality across its extensive range of printing solutions designed for office mailrooms as well as larger mailhouses. These innovative, flexible solutions print variable data such as addresses, customised messages, logos / graphics or coding directly on the documents or envelopes.

With high speed and capacity printing solutions, professional and personalised mail is processed faster and reaches your customer sooner. Costs are reduced with higher efficiency, better Royal Mail discounts and greater in-house control of your mail output.

We provide a full range of solutions, for creativity and flexibility.

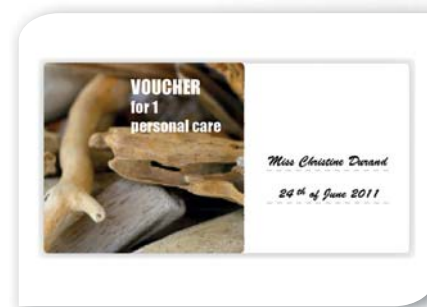

A BETTER RESPONSE RATE & IMPACT OF YOUR MAIL

- Turn your envelopes & documents into a medium for **targeted and personalised messages**.
- In-house solution enables you to change your marketing messages as often as you want or **make last-minute changes with ease**.
- A professional and accurately addressed envelope is **far more likely to be opened** than one that looks dull and is badly addressed or sent in duplicate.

CREATIVE AND PERSONALISED SOLUTIONS FOR ALL TYPES OF SUPPORTS & MESSAGES

- All formats of envelopes, letterhead paper...
- Postal cards, flyers
- Destination & return addresses
- Slogans & customised messages
- Logos / graphics / pictures
- Codes (bar codes, 2D codes...)
- Pre-paid / Permit marks

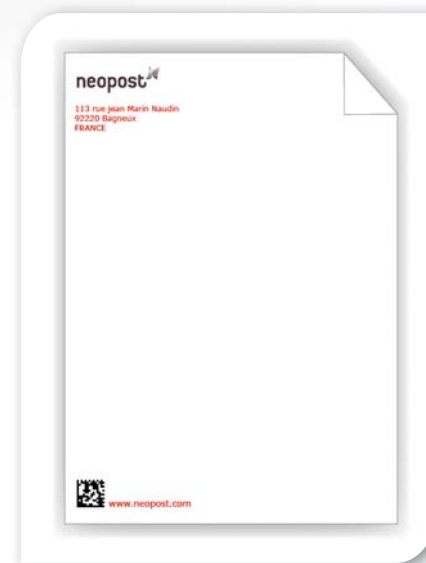

PROFESSIONAL LOOK

The very latest inkjet printing technologies ensure an absolutely professional image, every time.

ADD COLOUR TO YOUR COMMUNICATIONS

Improve the impact of your communication & increase your open rate by printing colourful graphics & messages on your envelopes or main documents.

ADDED SECURITY

There is no need to hand your database over to a third party. All mailings can be handled internally with an address printer allowing you to manage your customer and prospect databases internally for added security.

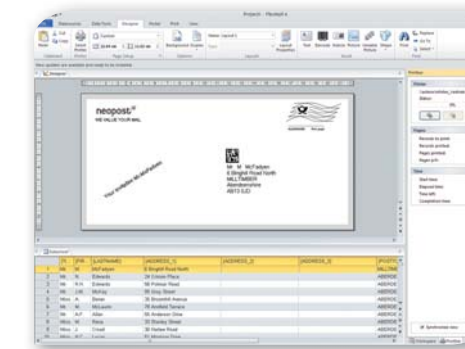

SAVE MONEY AND IMPROVE EFFICIENCY

- No need to buy, stock and apply labels – Addresses & messages will be printed directly on the envelope or document.
- No more duplicates or inaccurate addresses allowing you to reduce mail returns and therefore unnecessary mail costs.
- Because you can produce a higher volume of mail faster, you can benefit from Royal Mail volume discounts.

EASE OF USE

- The AS-Series is easy to install without major IT involvement. Just load the "Plug'n'Play" driver onto your computer and within a few minutes you're up and running.

Download your trial version

MAIL MANAGEMENT SOFTWARE

- As a complement, the AS-series mail management software will optimise your mail preparation and printer's capabilities.
- Facilitates the database management (preparation, multi-criteria selection, deletion of duplicates & inaccurate addresses) to meet Royal Mail standards & benefit from the best discounts
- Optimises your lay-out with the envelopes & document designer
- Gives full control over the printer: from set-up to production and maintenance tasks
- Compatible with the majority of databases on the market
